

DEODORISER

FOR ODOUR CONTROL

PRODUCT USE:

DEODORISER is a highly concentrated blend of antimicrobial agents, odour absorbent masking agents, insect repellants with solvents and detergents. This unique odour control product exerts its remarkable action through removing soil, inhibiting microbial growth, absorbing odours and leaving a pleasant residual phenolic odour.

The combination of solvents and surfactants gives this product excellent grease-cutting and soil penetration action.

PRODUCT DESCRIPTION:

Form: Liquid
Colour: Medium to dark blue clear liquid
Odour: Distinctive odour
S.G.: 1.08
Pour in Test: Product emulsifies when poured into water

DIRECTIONS FOR USE:

ODOUR CONTROL: Add 1 ml of **DEODORISER** to every liter of water and spray over soiled or odorous surfaces. **DEODORISER** will provide excellent odour control and will discourage flies and other insects. Where exceptional problems are encountered increase the dosage to 1 litre **DEODORISER** to 5 Litres water.

DRAIN CLEANING/DEODORISING: Dilute **DEODORISER** 20 - 50 ml in hot water and spray or flush drain so that all surfaces receive ample coverage for the initial treatment.

CHEMICAL TOILETS: Use 1 ml of **DEODORISER** per liter of water in the toilet.

Ref. No. 11/17

PRECAUTIONS:

Keep out of reach of children. Keep away from foodstuffs. Keep away from direct sunlight. Do not breathe spray mist.

FIRST AID:

External: Immediately flush skin with plenty of cool running water for at least 5 minutes.
Eyes: Immediately flush eyes with plenty of cool running water for at least 5 minutes.
