

SOLVENE 44

A SAFETY SOLVENT FOR CLEANING ELECTRICAL PARTS

PRODUCT USE:

SOLVENE 44 is used for cleaning electrical motors, switch gear and other small parts soiled with oil, grease etc. Ideal for use on transformers, business machines, ignition systems and radar equipment.

ADVANTAGES:

- Cold cleaning - does not require heat.
- Fast dissolving action on oils, grease, waxes and tars.
- Non-corrosive to metals including aluminium.
- Safe - does not contain Carbon Tetrachloride.
- Non-flammable.
- Replaces toxic and flammable solvents.

PRODUCT DESCRIPTION:

Appearance:	A clear colourless liquid
S.G.:	1.22 - 1.23
Flash point:	99 °C
Max. allowable concentration:	400 ppm
Drying time:	3 - 4 minutes

DIRECTIONS FOR USE:

Apply by wiping, brush or spray. Blow dry with compressed air. Electric motors, AC type only, can be cleaned by immersing in the solvent and running the motor under shop's AC network power. Remove, drain, blow dry and lubricate. DC motors can be run from a separate power source or cleaned by brush or spray methods.

Ref. No. 11/17

PRECAUTIONS:

Solvane 44 evaporates quickly. Use in a well-ventilated area and avoid skin contact. Keep out of reach of children.

FIRST AID:

Eyes: Flush with plenty of cool running water.
Internally: Get Medical Attention immediately!
